FLOOR DEBATE

April 24, 2001 LB 543

the attitude you have and this is your insensitivity. You think it's insensitive for a white person only if he or she uses the "N" word. That's what you think is insensitive. You don't think there are nuances in our life. You don't think we can perceive attitudes and connotations, read body language and more than that, read English where you brand our children in the statute. We're not intelligent enough to see that. And because we are so ignorant, you all have to be missionaries among us. And even though you get paid for it, you want to be honored and praised. I'm not going to praise you. You do everything you do because you get paid; and if you were not paid, you wouldn't do it. And you're telling me that's what these teachers are, too, and you send the worse ones among us because they're the mercenaries who have to be paid extra and there's a bounty placed on the heads of our children. I got a bounty taken off Native Americans in this state because for every day that one spent in jail up in Thurston County they got money for a meal.

SPEAKER KRISTENSEN: One minute.

SENATOR CHAMBERS: So they'd run out a few minutes before midnight, arrest a Native American, put him in jail and then a few minutes after midnight let him out and without having given him a meal, collect for two meals. That's what they were doing in your state and I stopped it. These things go on and you all don't even care. You don't try to find out. You don't ask people, does this hurt your feelings? Does this embarrass and humiliate your child? No, because you know what's best. Father knows best, each one of you thinks you're the father of every black person. You're not my father and you're not my mother. I wish I had it in me to be as insensitive as you are and the problems of your people would not bother me. I've got a white man right now crying on my shoulder because some money he was entitled to get was stolen from him by the sheriff. So he wrote me a letter saying I'm the only one who will help him, and he's from out there around Grand Island or someplace. And I helped a family get their money...

SPEAKER KRISTENSEN: Time.

SENATOR CHAMBERS: ...back from the sheriff who stole it.
